Adaptability, Analytical thinking, Attention to detail, Communication skills, Inquisitive, Persistent, Problem-solving abilities, Teamwork, Time management

## PROJECTS

**Tours and Travel Management Web App** *PHP, MySQL, Bootstrap*
https://github.com/wqais/tours-and-travel
A full stack website where end user can view and create tour bookings. Incorporated advanced search functionality with intuitive filters, enhancing user experience and facilitating seamless trip discovery on our tours and travel website. Developed a dynamic 'custom tour' feature, empowering users to effortlessly create personalized tour packages, aligning with their unique preferences.

**User Authorization Web App** *React.js, Express.js, Node.js, MongoDB, Bootstrap*
https://github.com/wqais/user-authorization-react
A full stack user authorization website where user can login using unique email and a password. User can edit his details after successful log in.

**Clothing Shop Management System** *C#.NET, MS Access, SQL*
https://github.com/wqais/Clothing-Shop-Management-System
A full stack, admin-side windows application. It allows the admin of a clothing shop to view and manage inventory, suppliers, employees and payroll, etc.

**Minion Translator** *JavaScript (API)*
https://minioneseee.netlify.app/
Translates any piece of text to Gibberish Minion Language. Used concepts such as API and fetch to build the app.

## ACHIEVEMENTS

AIR 2 in National Abacus Competition.
1st Rank in Blackout Coding Competition organized at Modern College, Pune.
Cracked State Scholarship, Maharashtra Talent Search and Konkan Talent Search Examinations.

## LANGUAGES

English, Hindi, Marathi
